

Order No. 3.13100 Platform Hut

Play value
Without any combination equipment, the Platform Huts are first and foremost a creative offer for family and other role-playing games that take place on one or two levels. Complemented by a roof, the Platform Hut offers two protected rooms in which children will feel sheltered. The roof is suitable for attaching a climbing rope. The Platform Hut may also be combined with a slide, a sand play centre or other attractive equipment in order to create a small but versatile "playground" in a small space.

Fundamental characteristics
- Child-oriented dimensions according to ergonomic knowledge
- One or two play levels
- Natural wooden surface which appeals to the senses
- Flexible base elements with numerous combination possibilities
- Incentive for playing: role-playing games in cosy little rooms
- Movement: climbing

Recommended for
- Kindergarten children
- Supervised play areas, such as kindergartens, schools, after-school programmes or similar
- Public play areas without supervision, such as playgrounds, parks or similar
