

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- kind of use
- frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

Rotating Plate Order No. 6.32000

1. Check for smooth motion by using it.
2. Re-lubricate the bearings every 6 - 8 weeks (lubrication nipple is located under the removable company plate)
3. Check the gaps and clean.
4. Check the area of support on the ground (re-fill hollows next to the Rocking Plate or move the equipment).

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

..... Date
